Kil'n Time Pottery Painting has teamed up with Arena7 to bring you the newest experience in partying and pottery. Painting your own pottery gives you and your friends a special piece of memorabilia to remember your party.

Arena7 Entertainment Complex is the perfect location to hold your 'Pottery Party' with its vibe for fun and excitement. The parties are perfect for children, teenagers and adults of all ages. All you have to do is pick your piece and personalise it with your own design. Your painted pieces will be then glazed and fired by Kil'n Time and left back to Arena7 for your own unique memory from your party.

Check out a party pack that suits you and your friends and book at Arena7 or by calling Micheal of Kil'n Time. The paints are all non-toxic and you don't have to worry about the mess.
